

IDENTIFY THAT BUG

Bugs are an important part of the environment. They have lots of important jobs. Below, identify the picture and write the name of the bug below each picture.

IDENTIFY THAT BUG

Pick one of the bugs you from the previous worksheet and draw it in the box below. Then answer the questions.

Name of bug: _____

What kind of environment does this bug usually live in?

How does it move around? _____

What does it eat? _____

What are its predators? _____

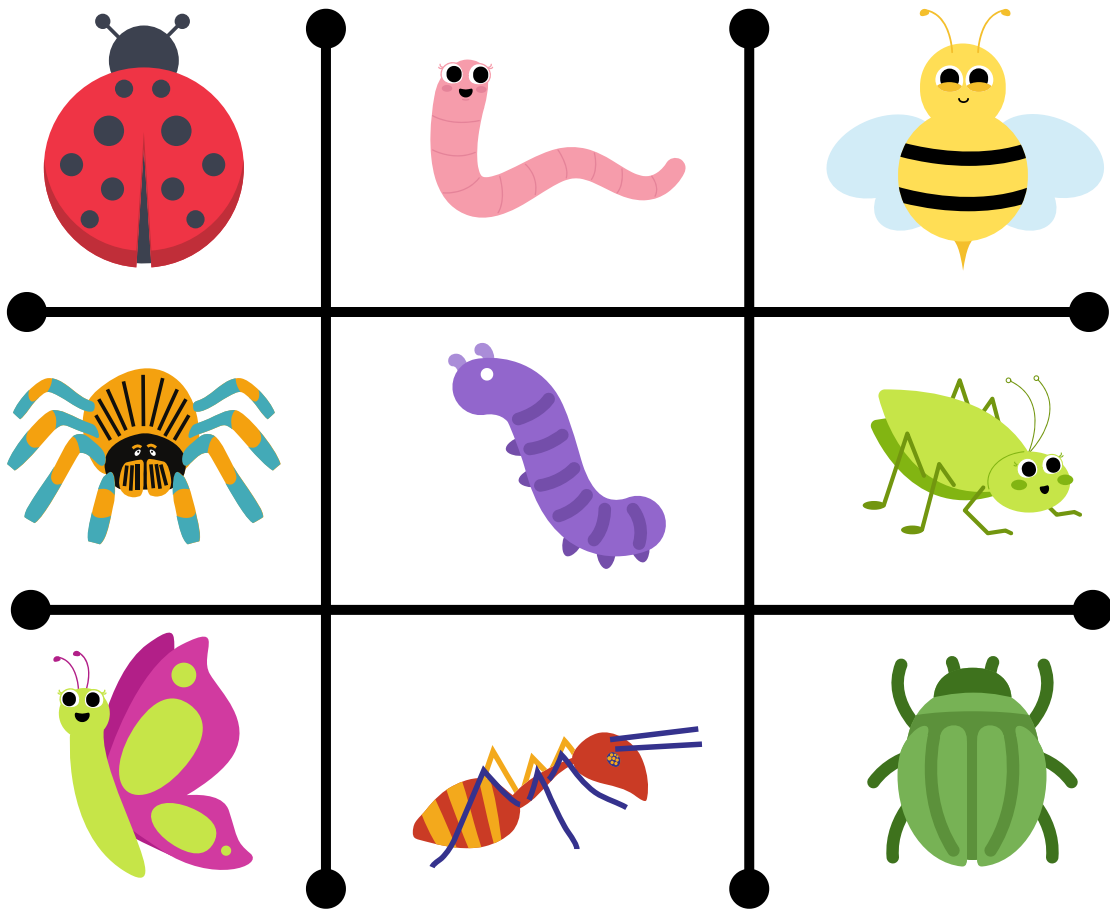

How does this bug help the environment? _____

What is something interesting you learned about it? _____

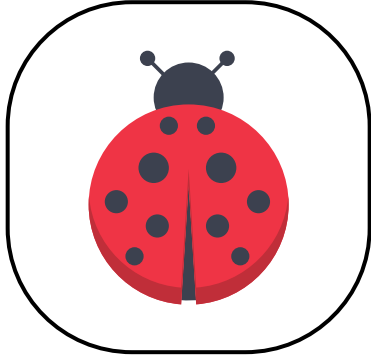

BUG BINGO

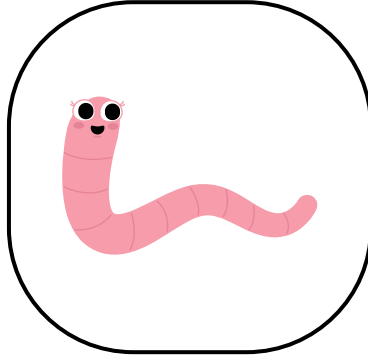

Now it's time to put your bug spotting skills to the test! In a backyard, nature preserve, or park, walk around and see how many of these bugs you can find! As you find a bug, mark off the square on this piece of paper. The first person to have 3 in a row - up or down, side-to-side, or diagonal wins!

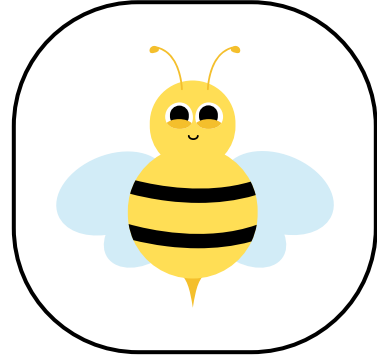

ANSWER KEY

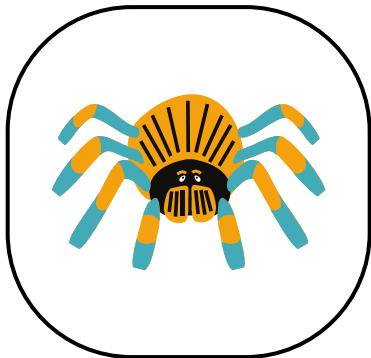

Ladybug

Worm

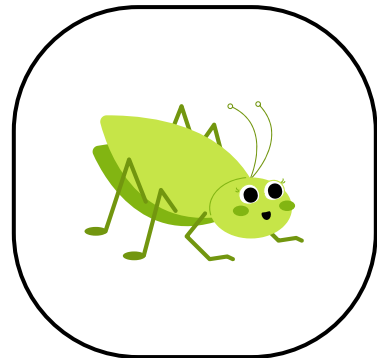

Bee

Spider

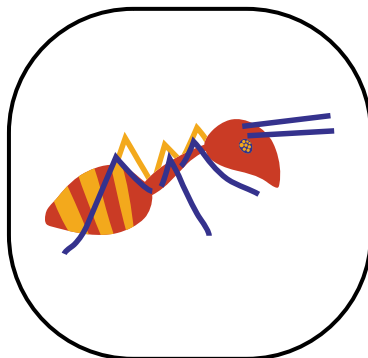

Caterpillar

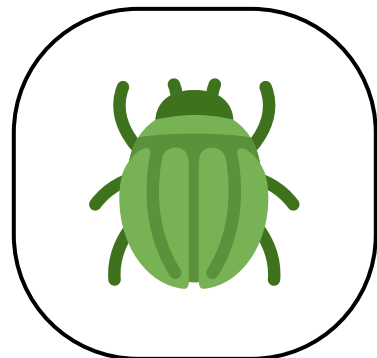

Grasshopper

Butterfly

Ant

Beetle
